Family Carcharhinidae Jordan & Evermann 1896 (requiem sharks)

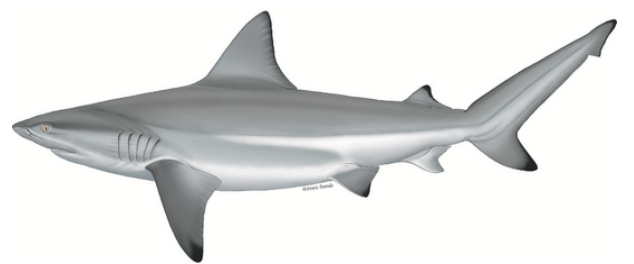

VU

silvertip shark
Carcharhinus albimarginatus
length : 3 meters

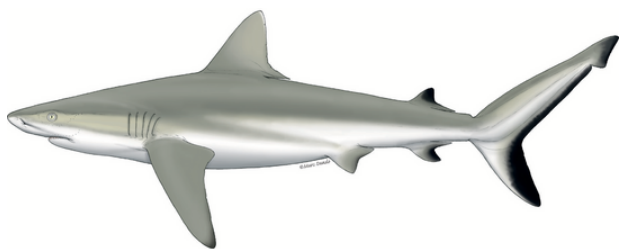

NT

bignose shark
Carcharhinus altimus
length : 3 meters

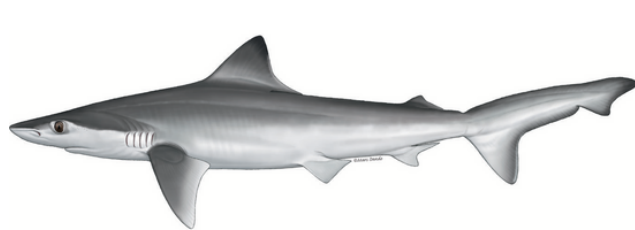

VU

graceful shark
Carcharhinus amblyrhynchoides
length : 2 meters

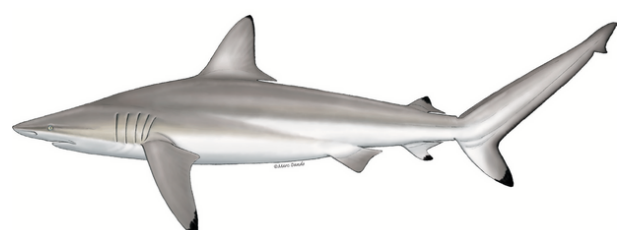

EN

grey reef shark
Carcharhinus amblyrhynchos
length : 2.6 meters

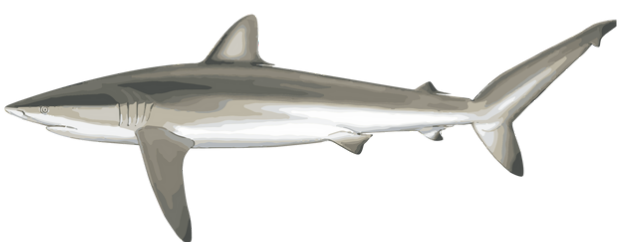

CR

borneo shark
Carcharhinus borneensis
length : 0.62 meters

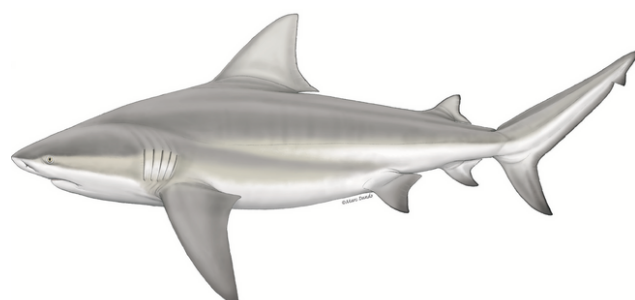

VU

spinner shark
Carcharhinus brevipinna
length: 3 meters

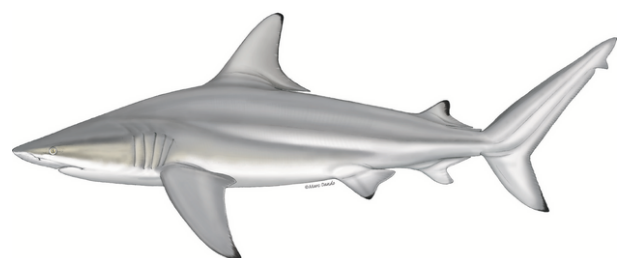

VU

silky shark
Carcharhinus falciformis
length : 3.7 meters

VU

bull shark
Carcharhinus leucas
length : 3.6 meters

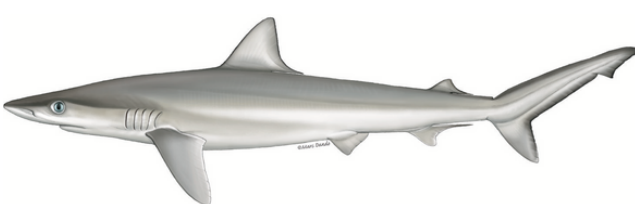

VU

blacktip shark
Carcharhinus limbatus
length : 2.8 meters

CR

oceanic whitetip shark
Carcharhinus longimanus
length : 3.5 meters

NT

hardnose shark
Carcharhinus macloti
length: 1 meter

VU

blacktip reef shark
Carcharhinus melanopterus
length : 1.8 meters

Family Carcharhinidae Jordan & Evermann 1896 (requiem sharks)

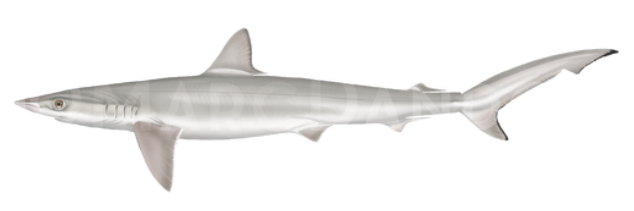

VU

blackspot shark
Carcharhinus sealei
length : .86 meter

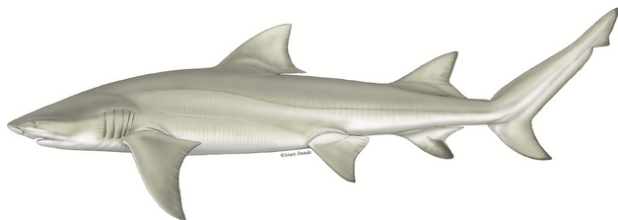

NT

spottail shark
Carcharhinus sorrah
length : 1.8 meter

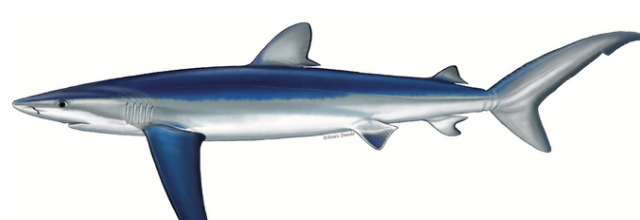

NT

sliteye shark
Loxodon macrorhinus
length : .9 meter

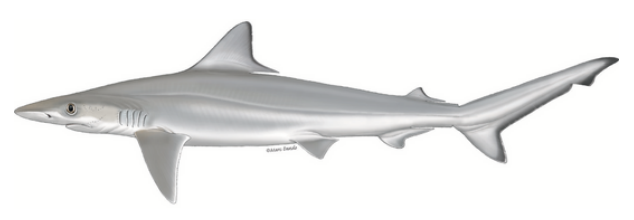

EN

sharptooth lemon shark
Negaprion acutidens
length : 3.1 meters

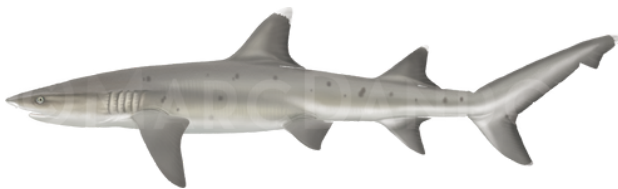

NT

blue shark
Prionace glauca
length: 3.8 meters

VU

milk shark
Rhizoprionodon acutus
length : 1.8 meters

VU

whitetip reef shark
Triaenodon obesus
length : 2 meters

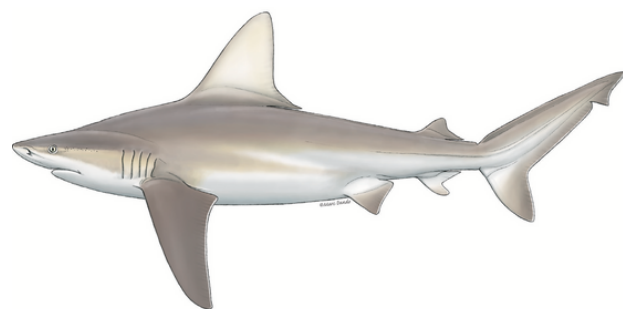

EN

Whitecheek Shark
Carcharhinus dussumieri
length: 1 meter
*Unconfirmed as of 2023

CR

Pondicherry Shark
Carcharhinus hemiodon
length: 1 meter
*Unconfirmed as of 2023

EN

sandbar shark
Carcharhinus plumbeus
length : 3 meters
*Unconfirmed as of 2023

NT

pacific spadenose shark
scoliodon macrorhynchos
length: 1.5 meters
*Unconfirmed as of 2023
